

Southeast Challenge

Rules and Regulations

Street Stock

Rules

Rules are per the Petty Raceway rule book with the exception of tires. 3 Tires must be 4/32nds or less in tread depth. Min Durometer is 52. Tires will be checked before the heat race and those tires must remain on the car for the remainder of all races that day. An official verified flat excepted. The Series durometer is the official gauge.

Line-ups will be by draw each week. Coin flip may be used to invert the top half of the field for the feature.

The Points Fund will be distributed as follows to all competitors who have registered online and e-transferred their \$50 points fund registration by the Friday before the second race. Teams must compete in at least 3 events to qualify for the points fund. Car participating in fewer than 5 races and at least 3 races will have a "pro-rated" points fund payout based on the percentage of series races attended. Eg: If the points payout for 10th is \$500 and I participate in 4 races finishing 10th in points then I receive 4/5ths of \$500 which equals \$400. The differential (\$100) is distributed to the competitors who attended all 5 events, equally. I.e. if 10 teams race all races they would each receive another \$10 (the remaining \$100).

Points scoring will be as follows: Heats 10, 9, 8, 7 and Features 100, 98, 96, 94, 92, etc.

The points fund will be distributed as follows:

Points Fund Distribution	
	Percent of Total Fund
1 st	15
2 nd	12
3 rd	9
4 th	7
5 th	6
6 th	5
7 th	4
8 th	3.8
